

CITY OF BEVERLY

"THE SHOE"

The United Shoe Machinery Co. opened its doors for business in 1906. It was the City's largest employer for some seven decades that followed. The United Shoe shaped the city in unusual ways that still affect the way we live here today.

Many of our churches, ethnic clubs and neighborhood organizations are a result of former employees of the Shoe and their families.

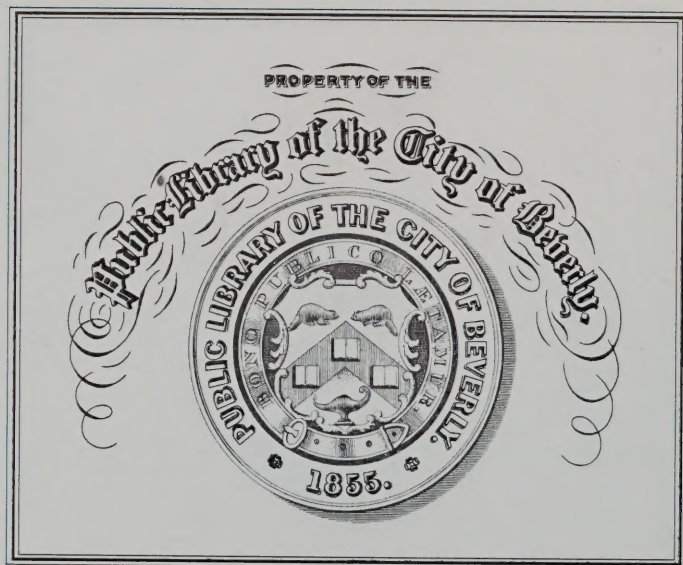

The Shoe will always be looked upon as a company that provided well for its people and created remarkable diversity in their community. The company was, for many years, BEVERLY.
